

September 19, 1956

Dear Dr. Heumann:

I was very pleased to receive your letter of the 14th, and to congratulate you on (finally) receiving your scholarship award.

Your tentative working plan seems entirely feasible.

I shall be waiting to hear of your more definite plans. Until then, unless I can be of some ~~xxxxx~~ assistance meanwhile,

Yours sincerely,

Joshua Lederberg.

P.S. Will you require a formal acknowledgment of your acceptance at the University here for the purpose of obtaining a U.S. visa? Perhaps this letter will suffice, to certify that you will be welcomed in this department as a guest investigator, under the title of Honorary Fellow in Genetics. If necessary, the Dean of the Graduate School can furnish a certificate if you are applying for an Exchange Visitor's visa.

If I do not hear from you to the contrary I will expect you hear, in accordance with your letter, about the beginning of December.
